

Superior taste by nature.

Delivering superior taste and tenderness for a high-quality eating experience, Emerald Valley beef is MSA graded to ensure a consistent, premium product that's 100% Australian.

Sourced from the best cattle grazing regions of Australia, in the Northern Rivers of NSW, this unique climate and environment allows the cattle to live in their natural state, which enables consistent supply all year round. The cattle is grown HGP free and is accredited by all of the major meat and livestock programs in Australia.

Close attention to specification details and expert management of the supply chain ensures the quality and consistency of all Emerald Valley products.
